

Connecting the World to a Higher Standard

Siemon Wins 2024 SEAL Business Sustainability Award

Watertown, CT – The Siemon Company, a global leader in network infrastructure solutions, is proud to announce it has been recognized with a 2024 SEAL Business Sustainability Award.

The [SEAL Business Sustainability Award](#) honors companies demonstrating exceptional commitment to environmental, social, and governance (ESG) practices. This recognition underscores Siemon’s ongoing dedication to sustainable business operations across its global enterprise.

“We are immensely proud to receive the 2024 SEAL Business Sustainability Award,” said John Siemon, Chief Technology Officer and Chief Operations Officer at Siemon. “Sustainability is a core value at Siemon, and we are committed to integrating sustainable practices into everything we do, from product design and manufacturing to customer service and supply chain. This award results directly from the high level of engagement and commitment of our people to ESG principles and values. It provides positive affirmation of their dedication to environmental and social responsibility in everything we do.”

Siemon’s commitment to sustainability is reflected in its comprehensive ESG strategy, which focuses on several key areas:

- **Environmental Stewardship:** Siemon is committed to minimizing its environmental impact throughout its operations and product offering. This includes reducing heat trapping pollutants, harmful chemicals, energy consumption, waste generation, and water usage.

- **Social Responsibility:** Siemon fosters a culture of diversity, equity, inclusion, and employee well-being. The company is also dedicated to giving back to its local communities.
- **Governance:** Siemon adheres to the highest standards of corporate governance, ethics, and transparency.

By prioritizing sustainability, Siemon is creating long-term value for its stakeholders, including employees, customers, investors, and the environment.
