

# BuildNZ

23-25 JUNE 2019

ASB SHOWGROUNDS, AUCKLAND

## BUILDNZ 2019 – A GREAT SUCCESS!

## POSTSHOW REPORT

For over 30 year’s BuildNZ has been the number one trade exhibition for the build, design and construction industries and we’re pleased to confirm that BuildNZ 2019 continued that record with another highly successful show. The event has never been more relevant for the many 1,000’s of industry builders, architects, designers, planners and developers who joined together over the 3 days. Not only were visitors able to meet face to face with leading national and international wholesaler suppliers, they were able to join in on the many educational and informative special features across the show.

There were many highlights including the return of the KiwiBuild Summit where an even more impressive line-up of industry experts joined together to debate and collaborate on KiwiBuild – all headed up by MC Duncan Garner. The KiwiBuild Summit certainly didn’t disappoint, with Hon. Jenny Salesa and Head of KiwiBuild Delivery Helen O’Sullivan joining in on the 6 panel discussions with some lively discussion!

There was so much to see and do including; over 150 exhibitors showcasing the latest technology and product innovations, Designex, Business Growth Hub, Innovation Quarter, Seminar series, PrefabNZ interactive area, Registered Master Builders Auckland branch Summit, the Made in Germany Pavilion, Made in Austria and Poland pavilions, New Product Showcase, networking bar, prizes and giveaways and the National Safety Show.

Thank you to all our sponsors, partners, trade associations and the many leading industry brands that supported this year’s BuildNZ – we look forward to working with you all again in 2020.
